However, there are some areas where we will need to get permission from the property owners to put a 12ft pole up or from utility company to put on existing pole. As of this time, SCDOT is not allowing any cameras or ALPR's to be put up on their property

(Due to the SLED Complaint on their storage of data) so we must be creative. Once that matter is resolved, Flock will move the cameras on SCDOT property at no cost. I can discuss more about this later.
