Good afternoon,

I am following up on the progress obtaining permission letters. Please let me know if you have any questions.

Thank you,

Charmissha Hamlin
Project Manager

> Sorry I missed the kick-off call while on PTO last week. My name is Charmissha, a project manager here at Flock, I will be your primary point of contact moving forward throughout the installation process to ensure you are set up for success! I'm so excited to work with you to get your community up and running with Flock Safety.

> Currently locations are pending permission letters from Private Property owners, City or County permits, or attachment approval from the power company. I have listed below each location and whom I would need a permission letter from. I have attached an example of a private property permission letter for locations installing on private property. The City or County locations, if you have someone who would give approval stating no permit is required, I can move forward with those locations. If not, we would apply for a permit with the jurisdiction and wait on approval. I have attached an example of a No Permit Required letter. Lasty,

we would need approval from Palmetto Electric to install on their poles to move forward with those locations. Please let me know if you have any questions.

I have attached the AC power handout you can share with your electrician for all locations using AC power.

Name	Address	Permit Jurisdiction
#01 Buckwalter Pkwy @ Fording Island Rd SB	790 Buckwalter Pkwy, Bluffton, SC 29910, United States	Bluffton (City of)
