Good morning Kelly,

This month is extremely busy for us. Let's schedule the meeting for 1/7 if that works for you.

Thank you,

Chief Joe Babkiewicz

Good afternoon, Chief Babkiewicz,

I wanted to reach out and introduce myself and the FlockOS team. I will be managing the Bluffton PD FlockOS implementation, along with Alex Menke, the Integrations Manager, and your Customer Success Manager, Georgia Abdallah. The goal of this project is to integrate multiple systems into the FlockOS platform so your agency can access these systems in one place.

Please see below for information regarding the project materials:

- Project Tasks: high level overview and status of the project tasks
- Google Drive: meeting notes and project documents saved here (you should have received a link to access the shared drive)

I would like to schedule a 30-minute call with the team to discuss your priorities and action items for this project, which includes the following integrations:

- SSO
- Map Attachments
- ESRI layers
- Community Website
- Wing Gateway - (1) 128-channel gateway to bring in Digital Watchdog IP cameras

Below are some day/time options over the next couple of weeks, please let me know which option works best and I will send out an invite.

- Wednesday, 12/18: 11:30am-1pm EST
- Thursday, 12/19: 2:30-4:30pm EST
- Thursday, 1/2: 11am-4pm
- Tuesday, 1/7: 1-3:30pm

Please let me know if you have any questions I can answer before our initial meeting.

Thanks!

Kelly Baeza
Technical Project Manager
